Board Tasks

Action and Information-

The RFID Tagging Project Phase 2: Staff have done a phenomenal job with the RFID tagging project over the past month. As of November 14, 2025, Mystery and Youth are the only sections left to be tagged. The Director is hoping for a completion of Phase 2 by the end of the year.

Book Vendors: The Library now has an operational Ingram account. The Collection Manager is ordering majority of books through Ingram instead of Amazon. However, Ingram pricing is only about 1-2% cheaper than Amazon's, so the Collection Manager is ordering from Amazon when they offer a better price or there is no availability through Ingram.

Policies Affected by New Tax ID: The Director has reached out to the Attorney for the updated Financial and Personnel Policies. Once the Director receives those documents, he will share them with corresponding committees and then present them to the full board. Specific date TBD.

MML Unemployment Group: With the new Unemployment Insurance Status with the state of Michigan, The Library's insurer, the Michigan Municipal League (MML), has offered a Group Unemployment Program.

The program helps member municipalities manage unemployment insurance obligations efficiently and predictably through a Group Reimbursable Account.

The Director is requesting a budget amendment of \$3,100 to cover the initial costs of the program. It should also be noted that future budget amendments may be necessary as the UIA has been implementing policy changes such as duration of benefits and maximum benefits allowed, which have caused a necessary recalculation of the merit rate formula, therefore it is difficult to provide a merit rate or 2026 cost at this time. See the attached Summary and MML Manual for more information.

Community Engagement-

The Director would like to recognize the outstanding work the Library's social media and marketing team has been doing. When at the 2025 MLA Annual Conference in Lansing, several library directors, workers, and colleagues praised the Library's social media posts. At the November Lakeland Library Cooperative meeting, a member of the Board of Directors also praised the team's efforts. Finally, KDL's Head of Community Engagement offered kudos to our marketing team. The Director recognizes the hard work and dedication of the Marketing & Communications Specialist and the fun the staff have creating the Library's online content. The Library participated in the Downtown Halloween Spooktacular handing out candy to over 1,500 people on Halloween Night.

The Friends of the Library hosted the annual Fall Craft Show on Saturday, November 8th, from 9:00am-2:00pm. Almost 1,000 people attended the event. The Friends raised \$1,090. The Director would like to recognize former employee, and now Friend, Mary Gardner for her outstanding work and dedication to this event from the planning, marketing, and execution. Thank you, Friends!

CSPL is now offering a free Grand Rapids Children's Museum pass. Patrons must be 18 years or older, have a valid CSPL Library Card (No LLC or KDL cards); the pass has a 3-Day borrowing period and allows admission for up to 6 people. Other rules apply. See attached flyer.

The Director presented an **Executive Summary - MML Group Unemployment Program for the Cedar Springs Public Library**-Michigan Municipal League | Revised January 2025

Purpose

The Michigan Municipal League (MML) Group Unemployment Program helps member municipalities manage unemployment insurance obligations efficiently and predictably through a Group Reimbursable Account administered with Equifax Workforce Solutions.

Program Overview

Group Reimbursable Account: Shares unemployment risk among members without pooling funds.

Funding: Initial payment = 2% of previous year's taxable payroll. For CSPL in 2024 that equals \$3,100. Quarterly contributions based on an assigned merit rate applied to the first \$9,500 of each employee's wages (0.06%–10%). It should also be noted that future budget amendments may be necessary as the UIA has been implementing policy changes such as duration of benefits and maximum benefits allowed, which have caused a necessary re-calculation of the merit rate formula, therefore it is difficult to provide a merit rate or 2026 cost at this time.

Benefits: Professional claims management, training, and cost control support.

Services Provided

Filing and managing all unemployment claims with the Unemployment Insurance Agency (UIA).

Representation at unemployment hearings.

Verification of benefit charges and activity.

Quarterly reports summarizing claims, appeals, and costs.

Supervisor training on unemployment cost control.

Employer Responsibilities

Provide accurate and prompt separation documentation to Equifax.

Maintain detailed personnel records (disciplinary actions, evaluations, and warnings).

Avoid vague termination language (“poor performance”)—document misconduct clearly.

File required quarterly reports on time to avoid state penalties.

Controlling Costs

Hire carefully and provide clear policies.

Conduct exit interviews and secure written resignations.

Respond promptly to claims and participate in hearings.

Notify Equifax immediately if former employee refuses rehire.

Key Reporting Deadlines

Quarterly Contribution Report – Due by the 25th of the month following quarter end.

UIA Wage/Tax Report (Form UIA 1028) – Filed online with the State.

Negative Balances – Pay in full by April 25 of each year.

Posting/Notice Requirements – Display UIA 1710 and provide UIA 1711 at separation.

Eligibility & Benefit Basics

Claimants must be able, available, and actively seeking work.

Weekly benefit range: \$135–\$446, for 14–26 weeks.

Board Considerations

Participation supports financial predictability and regulatory compliance.

Equifax and MML handle most administrative burden.

Continued timely reporting and documentation protect the library’s account and reduce costs.

Approval of Initial Payment (2% of previous year’s taxable payroll), which will be \$3,100.

Discussion: If an employee requests a hearing this Michigan Municipal League Unemployment Pool service will represent the City; the Pool would essentially perform a traditional Human Resource function of representing the library by following adopted policies and State requirements if an employee makes a claim for unemployment; the initial cost of \$3,100 will have some adjustment as it is based on payroll and will be budgeted for quarterly payments; because this is like additional insurance it will be reviewed annually; the attorney who is working on our Personnel Policies will incorporate whatever changes we need to make. The marketing staff was complimented on how popular CSPL social media postings are being received by the public on par with larger sized libraries.

VI Chairperson’s Report-T. Smith

The Chair had no report.

VII Committee Reports

The Chair noted there were no committee meetings.

Personnel Committee

- c. Policy Committee-
- d. By-laws Committee
- e. IT (Technology) Committee-
- f. Finance Committee-
- g. Strategic Plan Committee

VIII Public Comment

Rose Powell-noted she was reelected to City Council for 4 more years; presented a flyer describing the Historical Society Christmas Pictures project on Saturday December 6th; noted how the Celebration of lights went very well recognizing the Andersons & Mabie's'; reported the renovations for new city hall should be done by March; happy thanksgiving and merry Christmas.

IX Ongoing/New Business

- a. Audit Report from Vredeveld Haefner LLC.

Matt Haefner presented the 1st Annual Audit for the Library noting the most important item that was a clean audit with no issues.

Discussion: Unassigned fund balance of \$411,00 should be monitored and reviewed at budget time and Strategic Planning for anticipated needs; no line items were over budget; noted the City does a great job as the library accounting.

Motion by Owen 2nd by Gritter to approve the 2025 Audit Report as presented.

Roll Call Vote Ayes: Smith, Owen, Gritter, Lehmoine, Armock, Howell, Dykstra

Nays: None

Motion Passes

- b. Board Approval of November 2025 Budget Amendment

Increase 271-000-400.100 (Appropriation from Fund Balance) by \$3,100

Increase 271-790-935.000 (Insurance & Bonds Expense) by \$3,100

Expense for initial cost of the Michigan Municipal League (MML) Unemployment Program.

This budget amendment reflects the Library's commitment to effectively allocating resources to meet current programming and public engagement needs and does not change the Total Expenditures for 2025-26 Fiscal Year.

Motion by Lehmoine 2nd by Howell to approve the Budget Amendment as presented above.

Roll Call Vote Ayes: Smith, Owen, Gritter, Lehmoine, Armock, Howell, Dykstra

Nays: None

Motion Passes

X Agenda Items for December 15th 2025 Meeting

Discussion: The director noted he will be receiving the attorney's recommended Personnel and Finance policies and will then meet with the Board Committee(s) and submit recommendations including a fund balance percentage/number. The Strategic Plan and survey will help set budget priorities and address such questions as expanded hours; January 2026 will start next years budget process in coordination with the Strategic Plan.

Personnel Committee Meeting

January 9, 2026

Present: Michelle Gritter, Ron Howell, Heidi Armock, James Pugh

Meeting started at 4:00.

A review of the updated Employment Handbook was completed. Suggestions and revisions were made and will be forwarded to the attorney. When completed, a revised copy will be forwarded.

Meeting adjourned 4:45.

Director's Report

January 2026

Board Tasks

- The Strategic Plan: LLC Director Carol Dawe has completed initial focus groups and is reaching out to local community members who could not make the scheduled times for one-on-one sessions.

Action & Information

- **The RFID Tagging Project Phase 2:** Is Complete! We are now working on finalizing our inventory discrepancies. This should be completed by end of March, 2026.
- **Sustainable Library Initiative:** See Attached SLI Summary.
- **State Aid Report:** Completed 12/06/2025.
- **MML UIA Group Account:** Initial paperwork is complete.

Community Engagement

- The Library's first Early Childhood Open House was Saturday, January 24, 2026. Local organizations and business focused on early childhood resources like the Sheriff describing the new child safety seat laws, Health Department offering information about child health and wellness, Kent ISD GSRP and Head Start among others as well as opportunities for us to share our resources and programs for children under 5.

Program Attendance & Usage Stats

Cedar Springs

Summary: Sustainable Library Initiative (SLI)

Prepared by James Pugh, Director

No action required / Information only

The Cedar Springs Public Library has joined the Sustainable Library Initiative (SLI), a nationally recognized program that supports libraries in integrating environmental stewardship, social equity, and economic sustainability into their operations, services, and long-term planning.

Through the Michigan Library Association (MLA), the library's first year of SLI membership is provided at no cost, allowing staff to explore the program, access resources, and begin sustainability planning without any immediate financial impact. The annual membership cost after the first year is \$50.

Benefits of the Sustainable Library Initiative

Participation in SLI provides:

- A structured framework to evaluate and improve sustainability across operations, facilities, programming, and governance
- Guidance to reduce long-term operating costs through efficient use of resources
- Support for socially sustainable practices such as accessibility, inclusion, staff well-being, and community resilience
- Alignment with nationally recognized best practices that strengthen accountability and transparency
- Access to a network of libraries engaged in continuous improvement and shared learning

Certification Program

In addition to membership, the library is interested in completing the SLI Certification Program, which formally recognizes a library's commitment to sustainability through documented actions and measurable progress.

Certification offers:

- A clear roadmap for implementing sustainable policies and practices
- Accountability and goal-setting that support long-range planning and responsible decision-making

- Recognition that can enhance public trust, partnerships, and future funding opportunities

The standard certification cost is \$300; however, through MLA participation, the library is eligible for a reduced fee of \$240. As of this time, only one other library is certified and we are one of 12 libraries registered with SLI in Michigan, making certification a relatively rare distinction statewide.

Participation in the Sustainable Library Initiative is a prudent step moving forward as it encourages proactive, long-term planning rather than reactive decision-making. Sustainability-focused practices help ensure the responsible use of public resources while maintaining high-quality library services.

SLI supports cost control over time, organizational resilience, and adaptability to changing community needs. As expectations for fiscal responsibility, transparency, and environmental and social awareness continue to grow, SLI provides a credible and measurable framework to meet those expectations. Early participation also positions the library as a leader among Michigan libraries as the initiative continues to expand.

Summary: Updates to Personnel Policies

Prepared by James Pugh, Director

The proposed 2025 Personnel Policies and Employment Handbook represents a comprehensive update to the Library's 2019 version. The revisions modernize the document, improve legal compliance, and better reflect current employment practices, while maintaining the Library's at-will employment framework and overall operational authority of the Board and Director.

1. Structural and Legal Modernization

- The handbook has been fully reorganized into a clearer, more standardized structure aligned with current HR best practices.
- Language has been updated to reflect current federal and Michigan employment law, reducing legal risk and ambiguity.
- The new handbook explicitly states that it supersedes all prior policies, eliminating conflicts between legacy documents.

2. Expanded Equal Employment, Harassment, and Retaliation Protections

- The Equal Employment Opportunity section is expanded to include sexual orientation, gender identity, pregnancy, genetic information, and veteran status, reflecting current legal standards.
- A detailed Anti-Harassment and Anti-Retaliation Policy has been added, including reporting procedures, investigation expectations, and protections against retaliation—significantly more robust than the 2019 version.
- A new Genetic Information Nondiscrimination Act (GINA) policy has been added.

3. Updated Leave and Time-Off Policies (These were addressed in March 2025 Board Meeting)

- The former system of separate vacation, sick, and personal days has been replaced with a consolidated Paid Time Off (PTO).

- PTO accrual, usage limits, carryover rules, and documentation requirements are clearly defined and aligned with the Michigan Earned Sick Time Act (ESTA).
- Jury duty is now unpaid but allows use of PTO, reflecting common public-sector practice.
- Leave policies are more clearly defined, including unpaid leaves of absence and eligibility thresholds.

4. New Work From Home / Hybrid Work Policy

- A formal Work From Home / Hybrid Work Policy has been added, which did not exist in the 2019 handbook.
- This policy establishes expectations, eligibility, and management discretion, providing clarity while maintaining operational flexibility.

5. Compensation and Payroll Clarifications

- Compensation policies now include references to cost-of-living adjustments (COLA), market comparisons, skill development, and budget considerations.
- Payroll procedures, time reporting, overtime authorization, and payroll error resolution are more clearly articulated.
- Break and lunch language has been clarified to ensure compliance with wage-and-hour requirements.

6. Expanded Health, Safety, and Conduct Policies

- New sections address fitness for duty, workplace violence, weapons, substance abuse, searches and inspections, and breastfeeding accommodations.
- Misconduct and disciplinary language has been expanded with clearer examples while preserving at-will employment.
- Policies better define expectations for professionalism, safety, and workplace behavior.

7. Communications and Technology Policies

- New and expanded policies address:
 - Official library communications
 - Information systems usage

- Social media
- Photography and solicitation
- These updates reflect modern technology use and public-facing expectations not addressed in the 2019 handbook.

8. Alignment with Professional Library Standards

- A new policy explicitly references adherence to the American Library Association Code of Ethics, reinforcing professional standards and public trust responsibilities.

Overall Impact

These updates do not represent a shift in governance or philosophy, but rather a necessary modernization of the Library's employment policies. The revised handbook:

- Improves legal compliance
- Increases clarity and consistency
- Reflects current workplace realities
- Reduces institutional risk
- Provides clearer guidance for staff and administration

No changes are proposed to the Library's at-will employment status or the Board's authority over personnel policy.

Recommended Action: Approve updated Employment Handbook

Draft Library Budget

For Fiscal Year 2026–2027

Introduction

The Cedar Springs Public Library's FY 2026–27 budget provides a clear and responsible framework for allocating resources to support library services, operations, and long-term sustainability. The budget is designed to ensure continued access to collections, technology, programs, and staff while responding to rising operating costs and evolving community needs.

This draft budget presents an overview of anticipated revenues and expenditures for the upcoming fiscal year and reflects prudent revenue projections, realistic expense assumptions, and alignment with the Library's mission.

Revenue Overview

The following is an itemization of the expected revenue sources for FY 2026–27. All information can be found on attached **Fund 271 Library Spreadsheet**:

- **Total Expenditures: \$497,140.00**

Financial Outlook and Sustainability

The FY 2026–27 budget reflects the Library’s ongoing commitment to fiscal responsibility and long-term financial stability. Expenditures are projected using a pro forma approach that assumes an overall annual increase of approximately 5 percent to account for inflation, rising personnel costs, vendor price increases, and expanding service demands.

Revenue growth is projected more conservatively based on Fiscal Year 2024–25 activity, the increased Solon Township contributions based on updated millage valuations, and potential investment opportunities that can be explored after new financial policies are approved. This approach reduces financial risk and helps ensure that ongoing operations can be sustained without overreliance on uncertain revenue sources. Pro forma budgets are projections rather than guarantees, and any necessary budget amendments will be reviewed and approved by the Library Board as conditions change.

Maintaining a healthy fund balance remains a key component of the Library’s financial strategy. The fund balance serves as the Library’s financial safety net, supporting cash flow between tax disbursements, covering unexpected expenses, and enabling long-term planning. A strong fund balance also demonstrates sound financial stewardship to auditors, grantors, and the public. The Board is currently reviewing and updating financial policies to support this goal and strengthen the Library’s overall financial position.

The Library also remains mindful of variable and unpredictable revenues, such as state reimbursements tied to the Small Business Taxpayer Exemption (SBTE). While the Library received a reimbursement in September 2025 for the 2023 tax year, these revenues depend on annual taxpayer participation and cannot be relied upon as a consistent funding source.

Conclusion

The Cedar Springs Public Library's budget reflects our ongoing commitment to providing high-quality resources and services to the community in a fiscally responsible manner. By strategically allocating public funds, we aim to meet the evolving needs of our community and ensure that the library continues to be a vital resource for Cedar Springs and Solon Township residents. We deeply appreciate the continued support of our community and look forward to a bright future of growth and service.

Summary: Updates to Personnel Policies

Prepared by James Pugh, Director

The proposed 2025 Personnel Policies and Employment Handbook represents a comprehensive update to the Library's 2019 version. The revisions modernize the document, improve legal compliance, and better reflect current employment practices, while maintaining the Library's at-will employment framework and overall operational authority of the Board and Director.

1. Structural and Legal Modernization

- The handbook has been fully reorganized into a clearer, more standardized structure aligned with current HR best practices.
- Language has been updated to reflect current federal and Michigan employment law, reducing legal risk and ambiguity.
- The new handbook explicitly states that it supersedes all prior policies, eliminating conflicts between legacy documents.

2. Expanded Equal Employment, Harassment, and Retaliation Protections

- The Equal Employment Opportunity section is expanded to include sexual orientation, gender identity, pregnancy, genetic information, and veteran status, reflecting current legal standards.
- A detailed Anti-Harassment and Anti-Retaliation Policy has been added, including reporting procedures, investigation expectations, and protections against retaliation—significantly more robust than the 2019 version.
- A new Genetic Information Nondiscrimination Act (GINA) policy has been added.

3. Updated Leave and Time-Off Policies (These were addressed in March 2025 Board Meeting)

- The former system of separate vacation, sick, and personal days has been replaced with a consolidated Paid Time Off (PTO).

- PTO accrual, usage limits, carryover rules, and documentation requirements are clearly defined and aligned with the Michigan Earned Sick Time Act (ESTA).
- Jury duty is now unpaid but allows use of PTO, reflecting common public-sector practice.
- Leave policies are more clearly defined, including unpaid leaves of absence and eligibility thresholds.

4. New Work From Home / Hybrid Work Policy

- A formal Work From Home / Hybrid Work Policy has been added, which did not exist in the 2019 handbook.
- This policy establishes expectations, eligibility, and management discretion, providing clarity while maintaining operational flexibility.

5. Compensation and Payroll Clarifications

- Compensation policies now include references to cost-of-living adjustments (COLA), market comparisons, skill development, and budget considerations.
- Payroll procedures, time reporting, overtime authorization, and payroll error resolution are more clearly articulated.
- Break and lunch language has been clarified to ensure compliance with wage-and-hour requirements.

6. Expanded Health, Safety, and Conduct Policies

- New sections address fitness for duty, workplace violence, weapons, substance abuse, searches and inspections, and breastfeeding accommodations.
- Misconduct and disciplinary language has been expanded with clearer examples while preserving at-will employment.
- Policies better define expectations for professionalism, safety, and workplace behavior.

7. Communications and Technology Policies

- New and expanded policies address:
 - Official library communications
 - Information systems usage

- Social media
- Photography and solicitation
- These updates reflect modern technology use and public-facing expectations not addressed in the 2019 handbook.

8. Alignment with Professional Library Standards

- A new policy explicitly references adherence to the American Library Association Code of Ethics, reinforcing professional standards and public trust responsibilities.

Overall Impact

These updates do not represent a shift in governance or philosophy, but rather a necessary modernization of the Library's employment policies. The revised handbook:

- Improves legal compliance
- Increases clarity and consistency
- Reflects current workplace realities
- Reduces institutional risk
- Provides clearer guidance for staff and administration

No changes are proposed to the Library's at-will employment status or the Board's authority over personnel policy.

Recommended Action: Approve updated Employment Handbook and Personnel Policies.

Budget Amendment

January 26, 2026

Increase 271-000-400.100 (Appropriation from Fund Balance) by \$2,060

- Due to the unexpected revenue 271-000-569.000 (STATE GRANTS – OTHER) at \$940

Increase 271-790-926.000 (Electric Expense) by \$3,000

- Due to increase in energy costs.

This budget amendment reflects the Library's commitment to effectively allocating resources to meet current programming and public engagement needs and does not change the Total Expenditures for 2025-26 Fiscal Year.
